

**Mon** Health  
**COVID-19**

## **MASKING REQUIREMENTS**

Dear Patient,

While you stay with us, you will be required to wear a surgical mask when anyone is in your room. We will provide this mask to you. If your mask becomes visibly soiled during your stay with us, please ask a staff member for a new one and we will happily replace your soiled mask.

Additionally, all of our staff are required to wear a mask when entering your room for any reason. If our staff enter your room without a mask, you should remind them to put it on.

We appreciate your assistance in helping us to protect everyone and keep us safe from the spread of COVID-19.

Thank you for choosing Mon Health for your medical care.
