### **Mon Health Urology**

1200 J.D. Anderson Drive  
Morgantown, WV 26505

**Office:** 304-599-3074 Ext. 4

## Urology

Dr. Shakuri-Rad specializes in minimally invasive, robotic surgeries for patients with disorders or diseases of the bladder, kidneys and prostate.

With a focus on patient care, he performs surgeries laparoscopically and robotically, which result in less discomfort, quicker recovery times and improved outcomes.

With Dr. Shakuri-Rad's expertise, Mon Health is now able to offer patients, innovative procedures for treating urologic conditions, such as:

- Adrenal, bladder, kidney, prostate and ureteral cancers
- Kidney stones
- Overactive bladder
- Reconstruction
- UroLift® for BPH
- InterStim® for overactive bladder
- Penile prosthesis for ED

With three specialized surgeons and the latest technology, our team diagnoses and treats all conditions of the urinary tract, from cancer to kidney stones.

We partner with other Mon Health specialty areas to ensure our patients receive the individualized care that best suits their needs.

**For an appointment, please call 304-599-3074.**
